Road Construction Update

For Immediate Release: July 1, 2008

Bridge 221-0.20 in McArthur Township to Open After Replacement

The Logan County Engineer's Office announces that our crews have completed the replacement of the bridge located on Township Road 221 in McArthur Township between Township Road 99 and State Route 33.

Please use caution when approaching and traveling on the bridge due to uneven grade changes and loose stone that may be present. "Rough Road" and/or "Construction Ahead" signs will remain posted until the final resurfacing is completed on the approaches and deck.

Please note that the next bridge, BR 221-0.36 to the east will be closed immediately for repairs. This closure is expected to last two weeks.

We apologize for any inconvenience that may occur.

All Road Construction Updates are posted on our web site at: www.co.logan.oh.us/engineer
