ROAD CONSTRUCTION UPDATE

For Immediate Release: Tuesday, May 18, 2010

County Roads 286 and 272 to be Sealed with Reclamite Rejuvenating Sealer-RESCHEDULED

The Logan County Engineer's Office announces that the Pavement Technology Inc. will be sealing the following county roads. The scheduled construction dates are Monday, May 24 and Tuesday, May 25, 2010, weather permitting. Inclement weather postponed the project which was scheduled for this week.

These county roads will be under construction between the hours of 7:30 A.M. and 5:00 P.M. each day, but will remain open to emergency vehicles and local traffic.

When traveling through these work areas, we ask that you please use caution, as there will be petroleum oils and sand on the roadway. Please keep children and pets out of the treated areas to avoid tracking into houses. Excess sand will be swept up on Tuesday, May 25, 2010, weather permitting.

<u>Roads to be Sealed</u>	<u>From / To</u>	<u>Date(s)</u>
County Road 286	cul-de-sac to SR 368	05/24/10
County Road 272	C.R. 286 to SR 368	05/24/10

All scheduling is subject to weather conditions. We appreciate your cooperation during the construction and we apologize for any inconvenience. If you have any questions, please contact Pavement Technology Inc. at 1-800-333-6309.
