FOR IMMEDIATE RELEASE

Date: Monday, June 8, 2026

Road Construction: County Roads to be Resurfaced

The Logan County Engineer's Office announces that the Shelly Company will be working on the following roads.

The below roads will be under construction between the hours of 7:00 A.M. and 7:00 P.M. beginning Wednesday, June 10, 2026, but will remain open to emergency vehicles and local traffic only (no thru traffic).

Butt joints are cut at the intersections and bridges prior to paving and create a bump in the roadway, please slow down accordingly (15 mph or less).

During operations, traffic will be restricted to a single lane, maintained by flagging personnel. Motorists should anticipate delays and are highly encouraged to plan alternate routes.

When traveling through these work areas, we ask all drivers to **slow down and use extra caution**. Please note that these areas will have **unmarked no-passing zones until fall**.

Roads Scheduled for Resurfacing:

<u>Roads Name</u>	<u>From / To</u>	<u>Date(s)</u>
CR 142	West Mansfield Corp. to CR 117	6/10/2026

Please remember that all scheduling is subject to weather conditions. We appreciate your understanding and cooperation as we work to improve our roads, and we apologize for any inconvenience this may cause.

Said updates can be viewed on our interactive map at www.lceo.us by clicking on "Construction Updates"
