

Jamezfield Boundary Survey
 Dr. Coan / Chas. June 22, 1883
 L. S. Brown

Run 4 poles from N. Jacobs to get
 the corner

Line A start at S. E. C. of lot
 run 4 poles N 72° W

Line B start same \angle as above run
 by Jacobs line 1880 to center of road
 N 22° E

Line C start in the road at the
 east end at \angle formed by running
 from Jacobs \angle 70° and 75°
 N 34° W 2.84 2-21

Line D. start in road at
 N 14° S 40° W 3. to \angle stone
 wall

Line C start with \angle stone
 wall S 11° W with wall 7.12 to \angle
 at end of C.

This last line should probably be
 S 17° W to make it at right angles
 with line ^a N 72° W as the wall was
 probably so built. S 17° W balances
 much better than S 11° W. J.C.W.

.346 A.

Found an ~~error~~ in the data it
 was S 10° W

INDEXED ON MAP

Line D. start to structure, run
 with Jacobs West line S 22° W
 variation of from lot on
 1-2-402 15.86

Line B - 34 1/2 - 1 1.38 poles,
 S 36 1/2° E south of R.R. 25 ft.

Line to run with east line of
Cemetery. N 15 3/4 E 24.88 - 12-22
