

April 21st 1893.

Thos Black }
 Chas Brown }
 C W Bell }

on south side of road

Line A. Start $\nabla 1$ at $S 92^{\circ} E$ Scott farm
 687.8 poles to $\nabla 2$ on S side road

Line B. Start $\nabla 2$ $S 64^{\circ} E$ 46.12 poles to
 $\nabla 3$ on north side of road at grain yard
 $\nabla 2$ at $S 92^{\circ} E$ to original purchase + $S 82^{\circ} E$
 $\nabla 2$ sold to govt by J. B. Scott

Line C. Start $\nabla 3$ cross grain yard on
 big west line thence $N 44^{\circ} 1/4^{\circ} E$ 24.08 poles
 to $\nabla 4$ in old fence corner

Line D. Start $\nabla 4$ thence $N 64^{\circ} E$ 19.16
 poles to $\nabla 5$ in west line Emmons farm
 land.

Line E. Start $\nabla 5$ thence $N 21^{\circ} 1/2^{\circ} W$
 21 poles to $\nabla 6$ in fence $N 21^{\circ} W$ to Emmons

Line F. Start at $\nabla 6$ thence $N 63^{\circ} 1/4^{\circ} E$
 29.68 poles to $\nabla 7$ \leftarrow to Emmons + Robert
 Green

792
 INDEXED ON MAP

Line G. Start $\nabla 7$ thence $N 66^{\circ} 1/4^{\circ} E$
 63.60 poles to $\nabla 8$ in road on $S 92^{\circ} E$ top of road
 culvert at 18° from road end + 18° from south
 side = $3-1-40$

Line H. ^{on line 78'} Start $\nabla 8$ thence with boundary road
 $N 11^{\circ} 3/4^{\circ} W$ $5-8-37 = 117.48$ poles to
 angle in road = $\angle 9$.

Line I. Start $\nabla 9$ thence with road
 $N 20^{\circ} W$ 19.9 poles to $\nabla 10$ fence
 $\nabla 9$ dial - true \leftarrow

Line h start $\angle 10$

S 55° W. Start 7 feet south of
 let or 7'. Strike 16 links or south of stone
 at \angle to survey variation to south, 64 in 2286
 OK dist 328.50 poles

Line h⁶ meas or 11 $\frac{3}{4}$ or from $\angle 9$ 4 poles
 to post - 11 links east of true = 19
 Hence from $\angle 8$ to $\angle 9$ = 121.48 poles
 $\angle 9$ to $\angle 10$ = 19

Line k start \angle stone Run.

Hence or 35 or, Start 2' east of \angle
 strike 1' 4" west of \angle variation west 9' 4"
 = 14 links, distance = 86 rods true length
 to take \angle to survey

Line l^o. Start 10 links or of \angle .

S 54 $\frac{1}{2}$ or, Strike 6 links or of \angle stake
 variation too much south 4 links
 distance = 1-6-10 = 32.40 poles to stake

792

INDEXED ON MAP

Line M, Start 10 links west of stake
 at west end line L, hence S 36 E
 set more west 9 links, set east to line
 13 links, at 85.68 poles strike
 post which is S 54 ³/₄ W or 30.36 poles
 from stone & over at west end line L.
 set east 2 links,

Strike east of stake at place of peg
 34 links total variation to much over 32 lks
 distance $7-6-49 = 15396$

Scott Survey.

- a = southwest \angle of Scott farm, stake.
 b = Δ 2 South side of road
 c = Δ 3 North side road at graveyard and at
 S.W. \angle to original purchase and S.E. \angle to acre sold
 to g. y. by job Scott
 d = Δ 4 in old fence row
 e = Δ 5 in West line Emmerson Woods
 f = Δ 6 N.W. \angle to Emmerson Woods
 g = Δ 7 \angle to Emmerson and Robert Green.
 h = Δ 8 \angle in road, on culvert, in Sandusky Road.
 i = Δ 9 \angle in angle of Sandusky Road.
 j = \angle N.E.
 k = \angle corner of survey, no. not given, stone.
 l = stake at corner of survey, no. not given.
 m = \angle , stake.

Scott Survey, April 21 1883.
