

No 727

✓ March 19th 1852

(8611)

Established for Henry Cowgill & John Bishop the South East corner of Survey No 3228. The other three corners of which are found on examining all the matters connected with the said survey I established the said last corner by squaring the survey which makes the East line, being parallel with the west line, bear S 22 $\frac{1}{4}$ E. by which means the North and South lines are equally long. This may the more readily be done as no marks of the proper age are to be found on the line also established the North East corner of Henry Cowgill's land at a post in said East line of Survey as above found from which a Swamp Elm 24 inches diameter bears N 88 $\frac{1}{2}$ W 97 $\frac{1}{2}$ Links and his South East corner, being the North East corner of John Bishop's land, at a post in said line from which a Mulberry 10 inches diameter S 29 $\frac{1}{2}$ E 8 links

Lat. B. M. Laughlin
Surveyor G. Co. C.

No 728 (8612) June 14th 1852 ✓

In pursuance of notice previously given established the line between Murphys Survey No 5275 and Marshalls Survey of the same number, for Wm D Chambers line Beginning at the Northernly corner of said Murphy Survey where two Beech trees were found marked. The southern one of which was blocked counting twenty eight years; at this point

The following depositions were taken
 State of Ohio }
 Logan County } ss

Before me Jas B McLaughlin
 Surveyor for Logan County Ohio personally
 appeared the undersigned Samuel Warner
 and David Warner, at the northerly corner
 of Michael Murphey's Original Survey No 5275
 in Perry Township and County aforesaid
 and after being sworn to testify the truth
 the whole truth and nothing but the truth
 touching the true line and locality of
 corner trees &c connected with the survey
 being made, deposed and said as
 follows Samuel Warner says, I think no
 stake was set here, a marked sugar tree
 stood some two feet north of this smallest
 marked Beech tree (points it out), Signed Saml. Warner
 David Warner says,

I recollect of seeing a marked ~~the~~ Sugar
 tree lying some twelve or fifteen feet northward
 from this small Beech tree (points out the place)
 (Signed) David ^{his} Warner
_{marks}

In consideration of the above testimony
 I established the corner in question two
 feet south of said smallest marked Beech
 tree thence run S 53 $\frac{1}{2}$ W 200.5 poles to a
 stone heretofore placed (original trees all
 gone)

Jas B McLaughlin
 Surveyor G. O. O.
